

JAKRISTAN CAVITT

 Brandon, MS |  601-880-8087 |  Jakristan.cavitt@gmail.com

PROFESSIONAL SUMMARY

Aspiring software developer currently enrolled in Mississippi Coding Academy and pursuing a degree in Computer Engineering. Developing hands-on experience in programming, software development concepts, and problem-solving while bringing years of real-world operational and team-based experience from manufacturing and retail industries. Seeking a junior developer or technical trainee opportunity.

TECHNICAL SKILLS

- Programming Fundamentals
 - Object-Oriented Programming
 - Software Troubleshooting
 - Debugging Concepts
 - Git & Version Control (learning)
 - Problem Solving
 - Attention to Detail
 - Team Collaboration
-

TECHNICAL PROJECTS

Online Bookstore <https://jakristancavitt.github.io/Bookstore/mystery.html#>
HTML5, CSS, Javastript

- Developed a responsive multi-page bookstore website using **HTML5**, **CSS3**, and **JavaScript**.
- Created an interactive shopping cart with **localStorage** to save items between browser sessions.
- Implemented dynamic cart features including adding items, updating quantities, removing products, and calculating totals.
- Organized content using reusable layouts, responsive design principles, and clean file structure.

Love Language Quiz | React, TypeScript, Vite

GitHub: <https://github.com/JaKristanCavitt/Love-Language-Quiz>

Live Demo: <https://love-language-quiz--jakristancavitt.replit.app>

- Developed a responsive web application using React and TypeScript.
 - Implemented an interactive multi-step questionnaire with dynamic state management.
 - Designed a modern, mobile-friendly user interface with reusable React components.
 - Built and deployed the application using Vite and Replit.
-

PROFESSIONAL EXPERIENCE

Brown Bottling Group (Pepsi) — Merchandiser

 Jackson, MS | September 2021 – Present
